

ENJOY A TRAFFIC-FREE M.G. ROAD BETWEEN 9:00AM AND 9:00PM ON FEBRUARY 21ST

ABOUT OPEN STREETS

The Open Streets initiative aims to drive awareness in the general public about the benefits of using public transport, cycling or walking, and the positive effect it has on their lives and the overall "health" of the city. Under this initiative, we will identify a street or area and restrict the movement of vehicles in its vicinity, effectively transforming it into an Open Street.
